REGULATIONS

1. TITLE and JURISDICTION

THE BRITPART FREELANDER CHALLENGE 2016 is organised and administered by Marches 4x4 Motorsport Management Ltd. The events will be held under the General Regulations of the Royal Automobile Club Motor Sports Association Ltd ('MSA') (incorporating the provisions of the International Sporting Code of the FIA), the MSA British Cross Country Championship Regulations, these Championship Regulations and any written instructions the Club may issue for the Event.

Championship Registration No: **2016/002**

2. COMPETITORS

2.1 Competitors must be fully paid up members of an MSA recognised Club and holders of an MSA Cross Country National B Competition Licence or higher to be eligible for the **BRITPART FREELANDER CHALLENGE 2016**. They will also have to comply with all the criteria specified in Article 3 - Registration.

2.2 **Driver & Navigator must be present in all rounds.**

2.3 An entry confirms that a named driver will drive the vehicle identified on the entry form and displays the competition number allocated.

During a round a driver may drive two vehicles ONLY if he has entered for a second time, with the second car identified on that entry form and displays the competition number allocated for that second vehicle. The FULL entry fee must be paid for the second vehicle.

During a round TWO drivers may drive one vehicle, both drivers must make separate entries and both pay the FULL entry fee, the competition number displayed MUST be the one allocated to that driver.

Championship and Round Points CANNOT be transferred between Drivers or Vehicles.

3. REGISTRATION

3.1 Completed Registration forms to be returned to the Championship Secretary who will issue a Championship Registration number. The registration fee for the championship will be £100 per crew. Payable to Freelanders Challenge.

3.2 Registrations will be accepted either through the post or at championship events. All registration forms must be accompanied by the correct fee competitors will be issued with registration number.

3.3 **Freelanders Challenge Driver's Entry Fees:** Once registered each competitor will be sent round regulations and entry form prior to each round. The entry fee for Freelanders Challenge Competitors for each round will be **£300** and must be paid in full before scrutineering.

3.4 In order to be eligible for point's competitors must register prior to the start of the first event at which they wish to claim points. **Competitors MUST BE registered prior to the scoring of points for those points to be valid to count towards the Championship.**

3.5 Competitors must sign-on for championship purposes at each event. Championship registration numbers will be checked and a declaration of vehicle eligibility signed. At signing on the competitor must declare whether he or she is claiming points as a driver or navigator.

3.6 Once a competitor has registered for the championship it is not possible to de-register. I.e. even if he or she removes his or her decals and therefore disqualifies him or herself from points scoring, when championship points are calculated he or she will still be counted as a "live" competitor even though he or she is not being allocated points.

4. DECALS

Competitors in the championship must make available an area **300 x 160** mm high on front of car and another A4 size on either side of the car in a prominent position for publicising the championship and its sponsors. Championship decals must be fixed to the car whilst competing otherwise points will not be allocated for that event.

5. ENTRIES

5.1 It is the competitor's responsibility to obtain entry forms in adequate time.

5.2 No entry will be accepted without a fully completed Entry Form.

6. CHAMPIONSHIP COMMITTEE

6.1 The Committee will comprise: - Selwyn Kendrick, Philip Turley, Chris Ratter, Tim Curran & Roberto Aliperti. The Committee will be responsible for the administration of the championship rules.

6.2 The Panel of Stewards for the championship will be David Lucas Chairman, Jim Molay and Sue Sanders. Any appeal against any decision of the Organising Committee must be made to the Panel of Stewards in accordance with section [C] Page 71 C6.1 to 8.1 of the 2016 MSA Year Book. and will be heard by any 3 from the panel.

7. CHAMPIONSHIP CONTACTS

8. TIES

In the event of ties the following will be used in order:

- 8.1 greater number of wins overall
- 8.2 greater number of highest placings overall
- 8.3 greater number of class wins.
- 8.4 greater number of competitors beaten over all scoring events.
- 8.5 the highest position overall at the last event.

9. CHAMPIONSHIP EVENTS

The championship will consist of the events detailed at the beginning of these Regulations. Competitors can drop two out of the six BCCC Events but otherwise ALL ROUNDS COUNT. Should any event be cancelled, as much notice as possible will be given of a replacement event. Should it not be possible to find an alternative event the championship will continue with fewer rounds.

10. POINTS

10.1 These will be allocated in respect of (a) overall positions and (b) class positions and will be allocated on an individual basis to driver or navigator based on finish positions.

10.2 The number of points which will be awarded is as follows:-

1 st Overall	50
2 nd	45
3 rd	40
4 th	35
5 th	34
6 th	33 and so on.

This will be based on the registered contenders listed in the final results.

These will be called "Overall points".

1st registered contender receives	50 points,
10th registered contender receives	29 points,
20th registered contender receives	19 points.
38th registered contender receives	1 point.

10.3 The number of points which will be awarded to the first placed contender in each class is 10 and the next highest placed will receive 9 and so on. This will be based on the registered contenders listed in the final results. These will be called "Class points".

1st registered contender receives	10 points,
10th registered contender receives	1 point.

10.4 In addition all crews receive 1 point for starting the event ("Starting points").

10.5 To ascertain final placings in the Championship a contender will add together:-

- 10.5.1 Overall points
- 10.5.2 Class points
- 10.5.3 Starting points

e.g. A contender who is 1st overall & 1st in class has the following points in the first round:

Overall points	50
Class points	10
Starting points	<u>01</u>
Total	61

A contender who is 5th overall and 3rd in class has the following points in the first round:

Overall points	34
Class points	08
Starting points	<u>01</u>
Total	43

10.6 If only one crew member is registered for championship of points scoring it will be assumed that both are, so drivers and navigators will receive equal points when registered. Both driver & navigator must take part in a minimum of 4 rounds for points to count.

10.7 It is the competitor's responsibility to query/protest (if necessary) the championship points within 10 days of publication of the championship results after each event and the final championship points at the close of the season, within 7 days of the date of posting such results to all competitors, as defined by the Championship Secretaries' records.

Additional awards for competitors under 21

13.1 Vehicle Eligibility

All weights and power listed below are taken from Landover free sales literature and is a guide line

1.8 ltr petrol 1427kg torque 118 lbft

TD4 2ltr diesel 1555kgs torque 192 lbft

V6 petrol 1567kgs torque 177 lbft

Competitive minimum weights taken from 2010 FIA regulations this is part of a much larger list.

Minimum Weights	
1600cc up to 2000cc	1350kgs
Over 2000cc up to 2250cc	1600kgs
Over 2250 cc up to 2500cc	1600kg

Turbo or supercharged (forced induction) petrol 1.7 multiplier diesel 1.5 multiplier

The FIA regulations will be adopted meaning that for this season for supercharged (i.e. including turbocharged) petrol engines the nominal cylinder capacity will be multiplied by 1.7 and the car will pass into the class corresponding to the fictive volume thus obtained. For supercharged diesel engines the multiplier will be 1.5

13.1 GROUP 1 - PRODUCTION

All vehicles must comply with blue book regulations in particular J5 -5.20.

A Production vehicle is defined as a 4WD model having been produced in quantities of not less than 500 per annum, regardless of engine capacity. It must have been available through a dealer network, when new, and must be to standard European specification, as detailed in the vehicle's handbook. It is the competitor's responsibility to provide evidence if required, of the vehicle's eligibility.

No modifications not expressly authorised hereafter, save those necessary to comply with safety regulations, may be made to the vehicle.

A ENGINE

- 1 The accelerator cable may be replaced or doubled, with or without parts from the original manufacturer.
- 2 The make and type of spark plugs are free, as are rev limiters and high tension cables and the ignition coil, where fitted.
- 3 The capacity and origin of the cooling system radiator/tank is free, as is the type of thermostat, which may be removed. The original location and attachment points of the series production radiator must be retained.
- 4 Those parts of a carburettor or fuel injection system which regulate the admission of fuel to the engine may be modified, provided that the modification has no influence on the admission of air. The original fuel injection system must be retained; the injectors may be changed for injectors which are identical except for the size of the pintel nozzle hole at the end.
- 5 The air filter, its housing and the tube between this housing and the atmosphere are free, but the housing must remain in its original location, the air must not be taken from the cockpit, modifications must not affect the structure of the car, and the installation must be situated entirely within the engine compartment. The air filter element may be removed.
- 6 The valve springs and valve clearance are free, but the camshafts (including their profile) must remain as original.
- 7 The fuel pump is free, in operating principle, number and location must be outside of the cockpit.
- 8 The material of the engine mountings are free, but the number and location must remain as original.
- 9 The exhaust system after the first silencer is free, except that it may not be replaced with a system of a larger diameter than that fitted upstream of the first silencer. The exhaust system must retain at least the original number of silencers, although additional silencers may be fitted. It shall be permissible to alter the exit point of the exhaust system either to the rear or sides of the vehicle provided that no alteration to the bodywork is made and the installation respects Construction and Use Regulations. Additional mounting points for the exhaust system may be fitted, **the CAT may be replaced with a silencer.**
- 10 Where fitted the Cruising Speed Controller may be disconnected.
- 11 Sound proofing panels may be removed.

B TRANSMISSION

- 1 The clutch disc is free, including its weight, except for the number of discs and their diameter.
- 2 Standard transmission ratios must be retained. Optional extras are prohibited.
- 3 Locking and limited slip differentials or traction control devices are only permitted if available as a standard fitment on freelanders.
- 4 Drive shafts and inner & outer CV joints may be replaced with upgraded units
- 5 Gear box casing must be sealed by MSA scrutineer

C SUSPENSION

1 SPRINGS

(a) **Coil Springs:** The length, diameters external diameter and thickness of the wire, the form of the spring platform and the type of spring (progressive or fixed rate) are free.

2 SHOCK ABSORBERS

- (a) Are free, but the type telescopic, lever etc., and operating principles (hydraulic, friction, etc.,) must be retained as original.
- (b) Gas filled Shock Absorbers will be regarded as hydraulic in respect of their operating principle.
- (c) The mountings must be retained as originally fitted and may not be reinforced.
- (d) The fluid tanks for the shock absorber may be attached in the wheel arches as well as to the chassis.
- (e) Suspension travel straps are permitted.

D WHEELS AND TYRES

- 1 Wheels are free and tyres are to AT pattern to be controlled approved MSA list of AT tyres will apply provided that they remain covered by the original bodywork, including wheel arch extensions where originally fitted, and where no

modifications may be made to the bodywork to permit their fitting. Studded tyres are prohibited.

2 The spare wheel may be relocated inside the vehicle provided that it is securely restrained and does not impinge on the space reserved for the crew.

3 Wheel fittings by bolts may be changed to pin and nut fittings.

4 Mud flaps must be made from flexible material min 5mm thick and should extend 4cm beyond each side of tyres, and a maximum of 10cm above the ground when the vehicle is stationary, and are mandatory on all 4 wheels

E BRAKING SYSTEM

1 The brake linings are free as is their mounting to the backing plate (riveted, bonded etc.) provided that the contact surface of the brakes is not increased.

2 Protection plates may be removed or reshaped.

3 In the case of a car fitted with servo-assisted brakes or an anti-locking device, this device may be disconnected. The same applies for anti-lock braking systems.

4 Brake hoses may be changed for aviation type lines.

F BODYWORK

1 Exterior

(a) Hubcaps must be removed.

(b) Protective headlight covers may be fitted provided that their only function is to cover the glass, and they have no influence on the car's aerodynamics.

(c) The fitting of under body protection plates is recommended provided that their only function is to protect the following parts:- engine, radiator, suspension, gearbox, tank, transmission and exhaust.

(d) A nudge bar may be fitted, in addition to the bumper, and must be independent of and not reinforce the car's structure or contribute to its rigidification. This bar must be made of tubes and may be mounted to the original bumper or chassis and may only be so constructed as to provide protection to the headlights and provide mountings for auxiliary lights.

(e) The side and rear windows behind the driver may be replaced with a transparent material of at least 4mm in thickness. Openings originally made up of a number of panes may be replaced with a single pane or panel. The fixation and mechanisms of these windows and those of the windows in the side doors are free. All glass must have plastic film fitted on inside of car unless laminated.

(f) The glass panel of the sunroof must be replaced with a panel of the same material as the roof of the car and must be at least 1.5 mm.

(g) The locking/fastening system for the cap of the fuel tank is free.

(h) Where an externally mounted spare wheel is relocated inside the vehicle the original external wheel mounting can be removed.

(i) External rear view mirrors, and front and rear windscreen wiper blades are free.

(j) All body panels must be like for like i.e. steel for steel plastic for plastic

2 Interior

(a) All accessories which have no effect on the car's behaviour are allowed without restrictions, such as those concerning the aesthetics or interior comfort (lighting, heating etc.) on the express condition that they do not influence, even in a secondary manner, the efficiency of the engine, steering, strength, transmission, braking or road holding.

(b) All the passenger seats, if occupied, must be fitted with head restraints. Rear seats may be removed but mounting bolts must be retained

(c) The carpet may be removed.

(d) All the controls must be those provided by the manufacturer and they must retain their original function, but may be modified to improve their ease of use (extension to handbrake lever, additional flange to brake pedal, etc.).

The following are allowed in particular:

(i) Additional measuring instruments, counters etc. May be freely installed provided that they do not present a danger.

(ii) The horn may be changed, and an additional one fitted which may be operated by the passenger.

(iii) The mechanism of the handbrake lever may be modified to fly-off operation.

(iv) The seats occupied by the crew must comply with MSA year book and the seat supports may be strengthened.

(v) Additional storage compartments may be added to the glove compartment and front doors.

(vi) The steering wheel is free.

(vii) Electric window mechanisms may be converted to manual operation.

(viii) It is permitted to modify the driving controls to assist disabled drivers, provided there is no performance gain.

G REINFORCEMENTS

1 Strengthening of suspended parts is permitted where the strengthening material follows the shape and is in contact with the suspended part.

2 It is permitted to fit strengthening bars to the suspension points on the body shell or spring mounting points, provided that the bars are attached by bolts and are removable. It is permitted to make holes in the suspension trim to attach the bars.

3 When the spare wheel is originally located within an enclosed space it shall be permissible, when carrying a wheel wider than that originally fitted, to remove the cover and or sufficient material to allow the wider wheel to be carried within the space provided.

H ELECTRICAL SYSTEM

- 1 The battery and associated cables are free, save that the battery must be located in its original position using the original mountings. Additional fasteners may be used
- 2 The Alternator is free.
- 3 Fuses may be added to the electrical system.
- 4 A maximum of 2 auxiliary forward facing lights, and their associated relays etc. may be fitted, but may not be fitted within the bodywork. Additional reversing lights may be fitted which may only be operated when reverse gear is engaged. In all other respects the lighting system must respect current legislation.

I FUEL SYSTEM

Where an FT3 tank is fitted fuel lines must be replaced with the aviation type. Where the original fuel tank is retained it is permitted to change the fuel lines to the aviation type. It is further permitted to feed the original tank from the FT3 tank provided that the breather pipe passes through the FT3 tank. In all cases the routing of fuel lines are free except that they may not be routed inside the roll cage or chassis members.

All forced induction engines must have restrictors as follows

Forced induction diesel 37 mm will stay the same for 2016
Restrictors to be sealed and available to be measured (as FIA drawing)

J JACK

The jack is free and the jacking points may be changed for others which have no other function.

14. AMALGAMATION OF CLASSES

No classes will be amalgamated in this championship.
